

FYTOFOAM as a layer application
Equestrian Arena at the Athens Olympics

Same site in June 2003, showing the difference between the Fytofoam treated area and untreated.

Based on the results Fytofoam has now been specified for the baseball diamonds and 2 soccer fields

Untreated

Treated

EUROPEAN FYTOFOAM FIELDS

- Croke Park, Ireland where the All Australian team played.
- Upton Park, home of West Ham where the Socceroos beat England.
- White Hart Lane, home of the Tottenham Hotspurs.
